THAICHI

PORTABLE
AIR CONDITIONER

FUNCTION/FEATURES

- It can be local cooling for large space,easy to solve the problem of difficult to overall cooling large space.
- Can be set in a separate temperature for the narrow space to keep whole cooling.
- The liquid crystal display set temperature and cooling temperature easy to operate.
- With the automatic fault diagnosis display function without professional maintenance
- With built-in refrigeration compressor,no need another outdoor parts
- Built-in pulley,but along with the need to move.

TECHNICAL PARAMETERS

Model Number	YDH-3500	YDH-4500	YDH-5500
Cooling capacity	2250-3550w (7679-12116BTU)	4250w-4850w (14505-16533BTU)	5250w-6850w (17918-23379BTU)
voltage/cycle	110~220V/ 50~60Hz	110~220V/ 50~60Hz	110~220V/50~60Hz
Power Input(W)	1000W	1700W	2400W
Air Volume	500m^3/h	700m^3/h	900m^3/h
Usable floor area	15-50m^2	50-80m^2	80-180m^2
Refrigerant	R22/R407C/R410A	R22/R407C/R410A	R22/R407C/R410A
Working temperature	18-45℃	18-45℃	18-45℃
Outlet pipe	1	2	3
Dimensions(mm)	400*540*900mm	425*600*1080mm	525*600*1080mm
Weight	55kg	75kg	95kg

Hand-push and portable

Air filter can remove and wash

Big water tank(15L)

Intelligent remote control

Hot air tube can be external
